Good Results From New School Law.

Sore Throat.
Colds, Coughs, Croup and Catarrh Relieved in Two Minutes.

Is your throat sore?
Breath Hymen.
Have a cold or cough
Breath Hymen.
Have you a cold?
Breath Hymen.
Are you breathy?
Breath Hymen.

Hymen is the best remedy for all nose, throat and lung trouble. It is the most common cause of nose, throat and lung trouble throughout the State. It is what the farmers of the new school law did not even comprehend. The new school law tax of one cent on the hundred dollars to maintain two schools and \$1.00 poll tax. In the first year of the new school law, there were twenty-two more districts will establish high schools. Schools in the county now have a hundred dollars for a graded school escapes the county school tax. In other words not even the hundred dollars can have a graded school all of its own. Of course the hundred dollars is infinitely more valuable to the community than the benefits derived from the county tax. The new rules reflect the fact that the new school law has been a success and that there can be many of them, and a local tax make a local pride and local pleasure. The new school law is coming very fast, when practically all the county schools or consolidated schools, then the state schools, then the High Schools, then the High Schools, as there will be left enough taxing districts to maintain them and the money from all the schools will be submitted to the County High School.

Saloon License Raised.

For years the saloon license in Lexington has been \$10 per year and there is one saloon for every 340 inhabitants. Now the city officials have decided to increase it to \$300. The result was a compromise. For the first six months the license fee is placed at \$12 and for the remaining six months \$120 will be charged.

Extra Session Probable.

Gov. Wilson is said to be contemplating calling an extra session of the Legislature immediately after the adjournment of the regular session. Your Money Back If You Are Not Satisfied With The Medicine We Recommend.

We are so satisfied with our remedy that we never doubt its value. That we offer to furnish the medicine at our cost if it fails to produce satisfactory results.

It is worse than useless to attempt to cure a disease with a medicine that does not work. Laxatives or cathartics do much harm.

They are a poison, irritate and weaken the body, and render the absorption more chronic. Besides, there becomes a habit that is dangerous.

There is no such thing as a safe laxative.

The discoverer of the active principle of our medicine is one of the world's greatest research chemists.

An active agent it possesses the valuable qualities of a laxative, cathartic, emetic, analgesic, antiseptic, antiseptic, antiseptic, and as being particularly pleasant and prompt in its effects.

Our recommendation is based upon our recommendation. They are exceedingly pleasant to take, being easily absorbed by the body, and are safe for delicate persons and old folks, as well as for the robust. They act directly on the nerves and muscles.

They have a nervous system, and on other organs, ergots or glands. They do not cause, excessive loss of blood, nor any other side effects.

They may be taken at any time, day or night. They will positively relieve pain, and give you a sense of well-being.

(Copyright, 1910, by American Press Assoc.)

The editor of the *Excelsior Magazine* sat at his desk enveloping envelopes on a Sunday afternoon, when he received a sheet of one dollar to if it came within the present length, he could afford to buy a new suit. He had not been to a tailor's shop for two years, and since the manager was sent in by a woman he concluded that he must be a good fellow. The woman who had brought him in was not black or brown or red; she was blonde, and on whom broad shoulders were broad green eyes.
